

# Oxyfresh

Programmable air freshening system

## For freshness that doesn't fade

### Reliable Performance

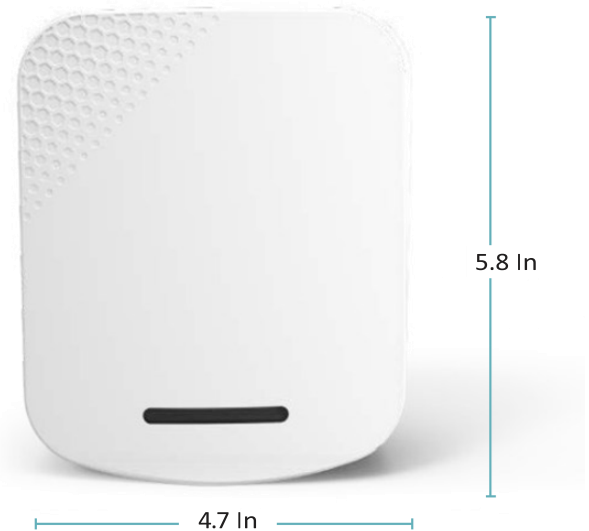

- Oxygen-powered technology that delivers fragrance continuously and consistently. Covers 600 sq. ft.

### Safe & Eco-friendly

- Noiseless; free of CFCs, VOCs, and propellants
- 100% pure fragrance oil; no added solvents or alcohols

### Cost-effective

- Cartridge contains more than 6 times the fragrance oil in metered aerosols
- 30-, 60-, or 90-day output options

### Dispenser Features:

- **When a cartridge is installed properly, a green light will flash for 2 minutes**
  - 1 flash confirms 30 day setting - Maximum Scent
  - 2 flashes confirms 60 day setting - Pleasant Scent
  - 3 flashes confirms 90 day setting - Lighter ScentScents will not taper off. You'll receive a consistent scent for the life of the cartridge.
- **Normal Mode - Right**
  - Green light flashes every 5 minutes to indicate the unit is properly functioning.
  - Orange light flashes every 10 seconds when a new cartridge is required.
  - Red light flashes when batteries need to be replaced.
- **Eco Mode - Left**
  - Normal functions are disabled when using Eco Mode.
  - This will extend life of the batteries.
  - Toggle Eco/Normal switch to test if the unit is operating properly.
- **AA Alkaline batteries will last a minimum of 1 year**
  - 60 day setting 15-18 months
  - 90 day setting 18-24 months

### E600 Dispenser (with key)

#### K600ES Essence

A designer fruity, floral fragrance embellished with hints of musk creates the perfect balance of familiarity and intrigue.

#### K600IS Islands

Starts with an exotic mix of ripe pineapple and lush tropical fruits and ends with warm notes of fresh coconut.

#### K600VA Valencia

An intensely fruity fragrance with hints of orange supported by warm spices that comfort and awaken the senses.
