

SHIELD GEL

Hand Barrier Gel
w/ Aloe Cleaner

SHIELD GEL is a protective hand barrier against dirt and grime and an effective waterless hand cleaner. **SHIELD GEL** also protects against adhesives, grease, paint, soot and other soils. **SHIELD GEL** serves as an invisible glove that conditions and shields hands from handwashing, painful scrubbing and chemicals. **SHIELD GEL** forms a barrier to help prevent grease, paint resins, soil and ink from penetrating the skin's pores and creases. **SHIELD GEL** keeps skin cleaner and minimizes clean up time.

DIRECTIONS

Apply small amount of **SHIELD GEL** to clean, dry hands. Rub hands together to evenly distribute gel and form protective barrier. Reapply **SHIELD GEL** as necessary. To remove, simply wash hands as normal.
