

KA145 ELIMINATOR

Dilutable Weed Killer – Non-Sterilant

Agronomy Liquids

Eliminator is a versatile, non-selective herbicide used to kill terrestrial weeds in non-crop areas. It offers no residual action, is water dilutable and is only effective when absorbed by foliage—it becomes inactive upon contact with soil.

FEATURES:

- * Non-Selective & Replant 5 Days After Application
- * Ideal For Eliminating Specific Weeds That Are Close To Desired Flowers, Shrubs, Brushes & Trees
- * Kills Most Forms Of Plant Growth Without Damage To The Soil
- * Effects Are Visible In Only A Few Days
- * Only Works When It Is Absorbed By The Foliage, Deactivates On Contact With Soil

TERESTRIAL WEED CONTROL:

Driveways, Patios, Ornamental Gardens, Beneath Green House Benches, Ditches, Fence Lines, Walkways, Sand Traps, Manufacturing Plants, Golf Courses, Right Of Ways

EFFECTIVE AGAINST:

Broad Leaf Weeds, Grasses, Annual & Perennial Weeds
